COMMENTS INVITED ON APPLICATION OF XO COMMUNICATIONS, LLC ON BEHALF OF XO COMMUNICATIONS SERVICES, LLC AND XO VIRGINIA, LLC TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 14-168
Comp. Pol. File No. 1179

Comments Due: November 10, 2014

Section 214 Application

Applicant: XO Communications, LLC on behalf of XO Communications Services, LLC and XO Virginia, LLC

On September 25, 2014, XO Communications, LLC (XO or Applicant) filed an application with the Federal Communications Commission (FCC or Commission) on behalf of its affiliates, **XO Communications Services, LLC** and **XO Virginia, LLC** (collectively, XOCS) located at **13865 Sunrise Valley Drive, Herndon, Virginia 20171-4661**, requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in California, Maryland, Massachusetts, Michigan, New York, Oregon, Texas, Virginia and Washington (collectively, Service Areas).

XO indicates that XOCS currently offers certain interstate dial-up services including Consumer Dial, Corporate Dial, Wholesale Dial, Enterprise Dial, and Managed Modem Port services (collectively, Dial-Up Services). XO describes Consumer Dial, Corporate Dial, Wholesale Dial and Enterprise Dial as services that provide narrowband, dial-up Internet access to its customers. XO defines Managed Modem Port Service as a wholesale service sold to Internet Service Providers that sell dial-up access to their end users. XO explains that it offers these services in the Service Areas through its operating subsidiaries, XOCS. XO asserts, however, that it is in the process of streamlining its product offerings and has decided to discontinue its Dial-Up Services to better focus on those services most requested by its customers. Accordingly, XO states that XOCS plans to discontinue its provision of Dial-Up Services in the Service Areas effective November 24, 2014. XO maintains that the proposed discontinuance will not harm affected customers because there are other alternative dial-up service providers, including other telecommunications carriers and ISPs, and there are other technologically advanced services that perform essentially the same or better functions. XO indicates that XOCS sent written notice to affected customers by first class mail during the week ending September 26, 2014, in accordance with the requirements of section 63.71 of the Commission's rules. XO states that XOCS is considered non-dominant with respect to the services to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, XO's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies XO that the grant will not be automatically effective. In its application, XO

indicates that XOCS plans to discontinue its Dial-Up Services in the Service Areas effective November 24, 2014. Accordingly, pursuant to section 63.71(c) and the terms of XO's application, absent further Commission action, XOCS may terminate its Dial-Up Services in the Service Areas on or after **November 24, 2014**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **November 10, 2014**. Such comments should refer to **WC Docket No. 14-168 and Comp. Pol. File No. 1179**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998).
